

Ruba Zeid Alhisan, CAPM®

Change Management | Organizational Development | Data Analytics

0506709877 | Rubazaid9@gmail.com | Riyadh, Saudi Arabia

Summary

Recent Business Administration graduate with practical experience in Organizational Development and HR Operations. Skilled in Power BI, Excel, and data analysis, with experience in performance management, organizational structure updates, workflow documentation, and process improvement. Passionate about leveraging data-driven insights to support organizational effectiveness and continuous improvement.

Academic Qualifications

Princess Nourah Bint Abdulrahman University

Bachelor of Business Administration | January 2021 – June 2025

Work Experience

Premium Residency Center – Riyadh

HR & OD Specialist Trainee (Tamheer Program) | September 2025 – April 2026

- Supported the administration and continuous improvement of the Performance Management System, ensuring accurate goal alignment and timely approval workflows.
- Coordinated performance cycle activities through the Dynamic ERP System (Khadamati), improving process accuracy and workflow efficiency.
- Standardized and maintained job descriptions to improve role clarity, organizational alignment, and workforce documentation.
- Contributed to organizational structure updates by supporting documentation and alignment with business requirements.
- Maintained accurate HR records for 200+ employees while preparing HR operational reports, processing medical insurance requests, and supporting updates to the 2026 Employee Handbook.

First Access Consulting – Riyadh

HR Consulting Co-op Trainee | January 2025 – May 2025

- Screened 50+ CVs daily, ensuring efficient candidate shortlisting and alignment with client requirements.
- Sourced candidates through the company's recruitment CRM, LinkedIn, and AI-powered tools to strengthen the recruitment pipeline and expand candidate reach.
- Assessed applicants based on experience, job alignment, and salary expectations, while preparing candidate profiles and conducting initial screening interviews.
- Developed a business improvement report analyzing competitors' HR services and marketing strategies, providing insights to support service enhancement initiatives.

Projects

Human Capital Analytics Dashboard | Power BI

- Designed an interactive HR dashboard to monitor workforce KPIs

Finance Analytics Dashboard | Power BI

- Developed a finance dashboard to analyze revenue, profit, quarterly performance, and product profitability.

E-Commerce Performance Dashboard | Power BI

- Built a dashboard to analyze sales performance, customer behavior, product categories, and profitability.
